CATHOLIC UNIVERSITY IN RUZOMBEROK

STUDY WITH US! WE ARE THE FACULTY OF THEOLOGY IN KOSICE

CHOOSE FROM ONE OF OUR PROGRAMS:

- Teaching Religious Education, Ethics or Philosophy
- Social Philosophy
- Social Work
- Catholic Theology
- Family Education

HOW WILL YOU APPLY THE STUDY AT THE FACULTY OF THEOLOGY?

If you are interested in knowing and solving problems in the social sphere and want to know how the social system works in Slovakia and other countries and you have a strong inner need to help others, study the program

Social Work.

You will learn about social policy, civil law, and gain special knowledge in terms of sociology and human resources management. You will use this knowledge if you want to work as a civil servant, i.e. an employee of the government, self-government, or want to work in the third sector, health care social facilities, or in the educational or other institutions offering social services.

But if you are more interested in science and theory than in practice, study the program

Social Philosophy.

Get profound knowledge from the scientific branches such as sociology, philosophy and political science and other sciences regarding this field of studying. Acquired knowledge and broad overview will enable you to address scientific and social issues, you will be ready to create and implement various cultural, political and sociological projects.

If you have a relationship to religion and theology you can choose field of study called

Family Education.

You will work as a professional who can carry out pre-marital and family trainings. And as a family expert, you can help families in various family and pastoral centres or Church institutions.

But if you want to become a priest or study theology as a science, you can choose the program

Catholic Theology.

You have an opportunity to gain profound knowledge of theological disciplines such as biblical studies, liturgy, morality, history of church, dogmatic, church law, but you will also learn in depth other philosophical disciplines such as ethics and psychology.

But if you do not want to be a Roman Catholic priest, you can apply to various Church charities or work as a theological scientist in scientific, media or other social institutions.

Moreover, you can also study

Teaching Religious Education, Ethics or Philosophy.

You will learn not only a lot of knowledge from these sciences, but you will also gain the ability to teach these subjects at elementary and secondary schools. You will study both pedagogy and psychology, and you will learn how to teach pupils educational and academic subjects in an attractive and effective way.

Every year, as a student, you can take part in exchanges via Ceepus or Erasmus. You will visit various countries of the European Union and learn about their educational system.

There is a faculty **library** with a study room, a computer and a large selection of magazines and books in a present form.

In the school building, you will find **a canteen** with its own kitchen, **an atrium** for friendly encounters as well as **sacred premises** for the possibility of spiritual calming.
